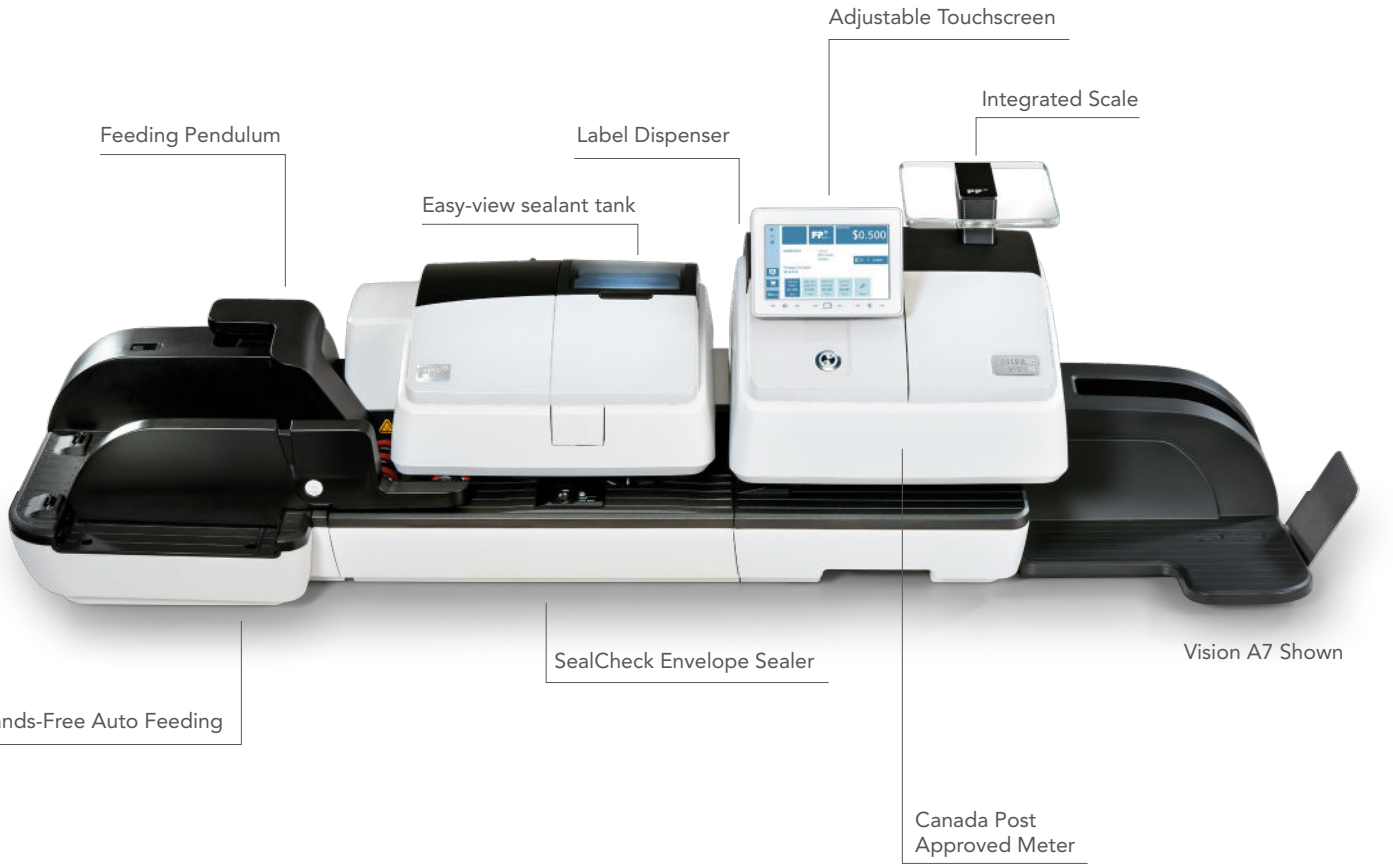
Canada Post
Approved Postage Meter

PostBase® vision
Auto

PostBase® vision Auto

Stylish. Secure. Connected

The PostBase® vision Auto is equipped with hands-free auto feeding, SealCheck envelope security, and top-of-the-line technology such as cloud-based analytics, advanced online account management, and scalable digital solutions. Meticulously engineered with users in mind, the PostBase® vision Auto is intuitive to use with an icon-driven interface so that any operator can process mail with ease. In addition to a professional business image, the PostBase® vision Auto offers new marketing opportunities with an integrated text message and QR code generator to print alongside your postage. This mail machine embodies an award-winning design that integrates perfectly into any office environment.



MyFP Customer Portal

Advanced portal options offer full online control of your mailing system. Including meter operator and cost account management, support and FP digital products and services.

CPC Approved Meter

Equipped with the most up-to-date Indicia technology. The PostBase® vision is designed to fully meet all Canada Post standards and requirements.

SealCheck Sensor

Exclusive to FP's PostBase® line, SealCheck envelope sealers ensure security by validating that each envelope flap passes through the sealer.

MoCA
Parcel System Software

Paired with the PostBase® vision, MoCA is the perfect companion to send packages. This cloud based FP System will process and pay for parcels, with Real Time rates, using a Teleset (PAD) account. MoCA software prints Canada Post barcodes, enabling the user to track and trace their parcel shipments.

MoCA software offers cost control capabilities to keep shipping costs in check. This offers users up front savings starting at 8% compared to the mailing machine rates, with access to all discount levels based on volume usage.

FP MoCA also offers:

- Access to all Canada Post parcel services
- Track & Trace with Canada Post barcodes
- Cost control capabilities
- In-depth usage data report analysis
- Prints 4" x 6" self adhesive shipping labels with MoCA printer
- Easily linked to your mailing machine account

Vision360
Postal Analytics and Reporting

Created with exclusive technology, the PostBase® vision offers advanced postal analytics and reporting through Vision360. Accessible through the MyFP Customer Portal, Vision360 provides companies a 360-degree view of postal usage to better monitor, manage, and control postal expenditures.

With the Vision360 analytics dashboard, you can get an operational overview of postal expenses, ink and postage on the machine, and postage downloads for better budgeting and planning. Getting the right report you need in the format required is easy. Report types are displayed on-screen as tiles or in a list view that can be sorted by favorites, alphabetical, report type or subscription level.

Reporting Metrics Available:

- Postage Download
- Postal Usage
- Cost Accounts
- Postal Class (Advanced & Professional)
- Meter Operators (Advanced & Professional)

The Essential subscription is included with your PostBase® vision mailing system and offers basic reports. Optionally, the Advanced subscription tier unlocks additional reports while the Professional subscription allows you to combine multiple metrics into a single report, in addition to unlocking additional reports.
