PostBase one

A Dependable Performer

You direct, and P-one does the work!

A clearly designed graphic display and intuitive operating scheme guides the user quickly and confidently through all machine functions and registers.

View all relevant settings on one screen: from the calculated postage, and a graphic depiction of the selected advertising slogan, to the remaining available postage.

Advertising that Makes an Impression

P-one give users the option of printing a custom company logo, a return address, an advertisement, a slogan, etc. (memory for up to 20 images) or creating your very own custom text/ad message.

RoHS COMPLIANT

Product Made in Germany

VERTICAL FEEDING MEANS:

• EFFICIENCY • FLEXIBILITY • INTELLIGENT • RELIABILITY • ACCURACY

Intelligent Envelope Sealer

Perfect Sealing at the touch of a button. It detects imperfect envelope feeding and prompts the operator of an error.

Operational Screen

Using a clearly designed and intuitive touch screen, it guides the user quickly and confidently through all machine functions & registers. You can view all relevant settings from calculating postage, choosing an advert slogan to selecting an account to chargeback postage and more.

Automatic Postage

Secure postage refill capability allows users to automatically download postage via the exclusive FP Teleset™ system and a network connection

Grows According to Your Needs

Does your office need to handle larger mail metering tasks? The new P-one loves a challenge! The base model can be transformed into a fully automatic weigh on the fly with a dynamic scale, an automatic envelope feeder, and postage accounting software.

Automatic Feed

The exclusive vertical feeder handles your entire mail at high speed and with precision! It's perfect for large and bulky mailings, unparallelled in the market today. It handles envelopes up to nearly one inch thick. Plus, the vertical envelope transport draws from a stack and meters letter mail in every format - from standard postcard to 10" x 14" letter sizes.

Dynamic Scale Weighing

Automatically calculates postage rate, based on the weight and size of mail item - up to 500 grams – without a break in the process!

Label Dispenser

Easily prints quick postage labels for large packages.

Power Sealer

Secondary "pressure sealer" to ensure tip to tip envelope seal.

SPECIAL FEATURES

- Vertical Envelope Transport
- In-Line Dynamic Scale Option
- Integrated 7 kg Static Scale
- Automatic Envelope Feeder Option
- Power Sealer
- Integrated Label Dispenser
- Extended Departmental Accounting
- Integrated LAN connection
- Colour LCD Display Touchscreen
- Extended Feeder Deck Option
- Envelope Conveyor-Stacker Option
- Storage Bins
- Envelope Tray
- ECDSA Data Capture Program Compliant

VEC Conveyor-Stacker

- Add the optional VEC Conveyor-Stacker for maximum throughput of up to 350 pieces.
- Neatly stacks and organizes your mail to boost your mall room productivity.

Teamwork: Dynamic Weighing and Metering

The dynamic scale is ideal for efficiently handling large amounts of mixed mail.
Automatically identifies the envelope format, thickness and weight (standard, oversize or others). This assures that every letter is metered with the right postage - all at an astonishing pace!
A large and easy-to-read colour display screen allows the user to quickly and easily control each metering job.
Clear symbols and pictograms guide the user through available postal products, etc.

Behind the Scenes: Postage Accounting Software

Postage accounting software offers a comfortable solution to managing and tracking postage used by individual departments and metering machines.

Depending on the version available in your country, this integrated software performs a variety of functions:

- tracks as many department accounts as you wish to set up
- monitors up to four metering stations
- generates clear reports on postage consumption for freely-selectable time periods
- optional data export to other applications such as Excel

Navigator Basic Innovative and convenient operation of the PostBase from your PC keyboard or optional 23" all-in-one touchscreen PC.

Navigator Plus Simple and secure recording of usage data, managing and analyzing accounts, and generating custom reports.

MAILOneCA (MOCA) CPC WEBSERVICES
Enabling the user to access:
*Discounted CPC Parcel Rates *Bar-Code Tracking
